Subject: ECONOMIC DEVELOPMENT PARTNERSHIP PROGRAM.

Dear Mr. Agrawal,
Greetings from KYRGYZSTAN!

Referring to our ongoing discussions with Mr. Alok Kumar, Country President (Russia & Central Asia) of ECI, to establish cooperation between the Economic Policy Research Institute and ECI (non-governmental organization) for economic growth and development, it is worth noting that India has played the role of a partner for Development and Assistance to Kyrgyzstan since Kyrgyzstan gained independence in 1991.

Relations between India and Kyrgyzstan have traditionally been friendly and cooperative. There have been regular exchanges of high-level visits and important agreements that have contributed to the relationship. During the Indian Prime Minister's visit to Kyrgyzstan in 2019, a joint declaration on strategic development was adopted between Kyrgyzstan and India. The two countries declared their relationship a "Strategic Partnership," covering cooperation in a wide range of areas, including the economy, education, health, human resource development, counterterrorism, science, culture, technology and tourism.

In addition to the above, we would like to establish an "Economic Development Partnership Program" in the fields of infrastructure, renewable energy, organic farming, innovative technologies, education, health tourism, finance, security, tourism, etc. between our Institute and ECI for a period of 3 years.

We hereby invite the Economic Council of India (ECI) to become a "Development Partner" to strengthen bilateral relations between the Republic of Kyrgyzstan and the Republic of India to cooperate for improved economic development and growth for the benefit of the citizens of both countries.

We ask you to confirm your intentions to cooperate and further develop in this aspect.

Wishing you economic prosperity and growth!
